

# Advantages of Harford Duracool's Factory Installation

**Harford**

## Experience

Harford has been installing walk-in coolers and freezers for 20 years. Our installers are well-trained and ready to help.

## Care and Worry Free

There is no need for the customer to take responsibility for receiving the shipment or inspecting the products for transit damage. Also, the burden of unloading the panels is eliminated.

## Problem Solvers

When occasional field oversights and unexpected problems occur, our installers are skilled at finding ways to remedy the situation whenever possible. This often saves the customer from having to pay for expensive redesign and redelivery work.

## Direct Link

If a question or concern arises regarding a walk-in installation, there is a direct line of communication for the customer. This saves time and eliminates the hassle of finding the proper representative. Our familiarity with the installation will ensure that the concern is satisfied.

## Flexible Scheduling

Our installation department will go out of their way to schedule erection of the walk-in when most convenient for the customer.

## Time Savings

Our installers' superb ability to rapidly erect boxes saves the customer time and money. The time spent waiting for work required by different trades is limited with our prompt delivery and expedient work.

## Trade Ready

When our installation is complete, the walk-in is ready for different trades such as electrical or flooring. We leave a clean finished product for ease of additional work.

## Professional Installation

Our installers are experienced, courteous and extremely helpful. These Partners go above and beyond the call of duty to assure customer satisfaction. The result is a professional quality product that Harford Duracool will stand behind.
